

Featured Cat

Ava

Ava is a gorgeous fluffy orange and white kitty that is looking for a loving home to call her own. She gets very bonded with people and will follow you all over the house. She loves to have her head scratched and will thank you with little love kisses. She does great with my big goofy dog, but doesn't really like other cats and would be much happier with someone that only wants one cat. Although she is fluffy, she doesn't shed a lot and is easy to care for. She is a very sweet kitty, but sometimes she likes to give little love bites, so kids are probably not the best option for her either. She would be perfect for someone looking for a best friend that will always be at your side.
