austin pets alive! Helping People Help Pets

Our Story

Austin Pets Alive! has become one of the country's No-Kill leaders by innovating and maintaining programs. APA! is focused on helping the healthy and treatable pets at risk of being killed in a shelter. We rescue dogs and cats who are at the greatest risk, providing them care within our shelter or with one of our hundreds of foster families, and adopting them out.

Between FY 08 and FY 12

19,239 pets entered APA!

17,624 pets were adopted
