

Monthly Report on License Agreements

2022 - 04 April

This report is in agreement with the terms outlined in Section 8.4 of the License Agreement between the City of Austin and Austin Pets Alive! with a focus on APA!’s impact on Travis county through our partnership with Austin Animal Center.

Summary: Austin Pets Alive! (APA!) continues to be the city of Austin’s largest partner in lifesaving and the largest subsidizer of the city’s budget to serve Austin animals. APA! takes animals that have medical and behavioral issues that require a higher cost per animal than the average healthy animal in care. APA! focuses on these animals in an effort to have a measurable effect on the live release rate at AAC.

APA! Intakes transferred from AAC:

292 animals were transferred out of AAC to 29 partners. 136 of them were transferred to APA!. Another 20 were born in care that would otherwise not have been born. Additionally, APA! took in 38 pets directly from owners within Travis county that would otherwise have entered AAC.

Survival Rates of AAC Medical Transfer Pets

This looks at pets transferred from AAC to APA as "Med-Urgent" or "Med-Attn" from the month prior to the month of the report. In compliance with our license agreement, neonates, parvo, panleuk pets are transferred. Per a statement by Chief Bland, medical needs pets from AAC that are labeled attention or urgent, and given deadlines, are only transferred to APA due to the lack of recovery space at AAC.
