

Monthly Report on License Agreement 2023-05 May

This report is in agreement with the terms outlined in Section 8.4 of the License Agreement between the City of Austin and Austin Pets Alive! with a focus on APA!'s impact on Travis county through our partnership with Austin Animal Center.

Summary: Austin Pets Alive! (APA!) continues to be the city of Austin's largest partner in lifesaving. APA! takes animals that have medical and behavioral issues that require a higher cost per animal than the average healthy animal in care. APA! focuses on these animals in an effort to have a measurable effect on the live release rate at AAC.

APA! Intakes transferred from AAC:

312 animals were transferred out of AAC to rescue partners in May. 256, or 82.1%, of those were transferred to APA! *The AAC dashboard indicates 247 transfers to APA!, but there are 9 missing.*

62 animals were born in APA!'s care to pregnant animals sent from AAC. Additionally, APA! took in 54 pets directly from owners within Travis county through the PASS program that should have otherwise entered AAC. This makes for a total of 116 intakes diverted from AAC, an 8% intake reduction.

Operations Comparison

APA and AAC serve the community in tandem and our combined efforts impact the live release rate across the city, county and surrounding areas. For May 2023:

	Intake	S/N at shelter	In Foster (06/05)	Adoptions
AAC	1330	456	566	544
APA!	1089	474	1,289	939
TOTAL	2,419	930	1,855	1,483

APA! Transfers from AAC as % of AAC Intakes

APA must: (a) select a sufficient number of animals from the At-Risk List so that at the end of each year of the Term APA will have selected from the At-Risk List 12% of the total number of animals taken in by AAS during the preceding year.

Total AAC Dog and Cat Intake FY22	11,990
Transfer target for FY23 (12% of FY22)	1,439

- 116 = 3.7% of all animals in care
- Most animals who die in care are being actively treated by our medical team and/or are neonatal animals with consistent care from animal care teams or foster homes.
- The APA! Medical Director monitors deaths in care to ensure there is no inadvertent disease spread and to identify if any changes in treatment or protocols need to be made in the future.
- All information is drawn from our ShelterLuv Shelter Management System. We will continue to provide information as requested.
- For 'Owner Surrender - Travis County' - predominantly Distemper /Parvo
